GCA of Hawaii

GENERAL CONTRACTORS ASSOCIATION OF HAWAII

Quality People. Quality Projects.

The GCA Sustainable Construction and Renewable Committee presents

INTRODUCTION TO SUSTAINABLE CONSTRUCTION AND LEED WORKSHOP

Pearl Country Club

Tuesday, April 6, 2010

7:30 a.m. Registration/Breakfast – 8:00 a.m. – 12 noon program

Table Top Exhibit

Are you still wondering what's all the 'buzz' about green building? Do you have questions about the LEED program? This workshop provides answers to those questions and more. Sustainable construction not only helps the environment but it can add to your clients' bottom line...and yours, too. The LEED rating system is now required for most federal, state, and county projects, and private owners are following close behind. Don't miss out on work because you don't know the requirements. Learn how to get the necessary accreditation and navigate the system. Get tips from a contractor who's gone through successful LEED projects.

This half-day workshop will provide the following:

- Introduction to Sustainable Construction and LEED Strategies – Melek Yalcintas, PhD, PE, LEED AP – AMEL Technologies, Inc.
- Overview of the LEED Rating System and Accreditation Requirements - John Bendon, LEED AP Homes - Green Building LLC
- Lessons Learned from LEED Construction Projects – Charlie Isaacs, LEED AP BD&C - Hawaiian Dredging & Construction Co.

Please list issues or concerns you would like addressed at this workshop.
